

Annual Plant Sale FAQs

Why these particular plants?	Plants are selected for their quality, native or adaptive status, wildlife value, and drought tolerance. We source stock from proven nurseries with a robust stock of quality plants.
Where can I find species information on the plants?	Each plant has a link to its specific attributes on its location in the online Shop noting sun, water, spread, etc.
When and where do I pick up my plants?	Friday April 20, 2021 at the Douglas County Fairgrounds in Castle Rock, CO is the pick up day and location. 9am to 6pm.
What's the fine print?	All sales are final. Substitutions may occur based on nursery stock despite our best efforts.
